EDUCATION

- **Shri Vishnu Engineering College For Women** — Bhimavaram, AP
  Bachelors in Computer Science; GPA: 9.75(until 3rd semester) — *2022-2026*
- **Shri Vishnu Engineering College For Women** — Bhimavaram, AP
  Bachelors in Computer Science(Honors); — *2023-2026*
- **Narayana junior college** — Gudivada,AP
  Higher secondary education(intermediate); percentage:98.6 (986/1000 -College topper) — *2020-2022*

SKILLS SUMMARY

- **Languages**: Python, C, Java, HTML, CSS, Js
- **Tools**: GIT

PROJECTS

- **Hostel Help Desk** ;
  Tech Stack: Python,Tkinter(Python Library), DB SQLite — *Repository Link*
  - : A project that helps the students upload their problems and acts as an interface between Hostel Management and students using Tkinter.
- **BikeNGo** ;
  Tech Stack: HTML, CSS, Js, MongoDB — *Landing Page Link*
  - : I, along with a team of 4 started building a website 'BikeNGo' that acts as an interface between bike renters and people who would like to take bikes for rent.
- **Movie-Recommendation System**
  Tech Stack: Python libraries like numpy, pandas, sklearn, matplotlib — *Repository Link*
  - : This model recommends movies to the user based on the input provided. I have done data set cleaning to avoid errors and obtain good accuracy.

CERTIFICATES

- **HackerRank Python Certificate**: I've cleared the Python basic test, which has topics like control flow, modularity, and OOPs (Aug 2023)
- **AI for everyone**: A beginning level course related to the booming domain in Computer Science i.e.; AI, ML introduction.
- **Code Demon-2023**: I've taken part in a coding competition conducted by our college and received the 2nd position, where around 300 students participated. It was a competition conducted in Python language. (May 2023)
- **Coding Extravaganza -2022**: I participated in a coding competition conducted by our university and about 500 members participated. I got a position in the top 50 coders of the competition. (December 2022)

MENTORSHIPS

- **Codess Cafe Mentorship**: I am a part of Codess-Cafe Mentorship. It is exclusively for women students in the Technical field, they assign us mentors and guide us towards technical skills. (December 2023)
- **SheCodes Workshop**: I am a part of the SheCodes workshop, where around 2,00,000 selected women all over the world improve their web development skills from scratch free of cost.

POSITION

- I'm the CLASS REPRESENTATIVE of around 75 students for more than 18 months.

ACHIEVEMENTS

- Ranked 1st in Batch of 300 students in Computers Science Batch and 2nd position in the college(around 1000 students).
- I have a rating of 1386 in CODECHEF and a global rank of 64621 in contests, I've also completed 500 basic problems on the CodeChef platform.
- I have a 5 STAR rating in Python, 4 STAR rating in C, 5 stars in Java, and 5 stars in problem-solving (Basic) on HackerRank.
- College Topper in Higher Secondary Education(Intermediate)with 98.6 percent of marks in BIEAP and 92 percentile in JEE mains.
